### Verbs And Vegetables:

Question: What do you get when you put together some verbs and some vegetables?

Answer: A recipe.

Here are some גמרא words that mean a verb and also mean a vegetable.

כרתי (סוכה לא:)

leek

כרתי (גיטין כו.)

To sever

קרי (גיטין לד.)

Gourds

קרי (יומא פו:)

It calls

Now here are some with the only difference is the addition or subtraction of an "א" from the word:

חסא (פסחים לט.)

Lettuce

חס (פסחים לט.)

To have mercy

מוריקא (גיטין יד.) (גיטין מז.)

Saffron (perhaps this is not a vegetable but it would go in a recipe)

מוריק (ברכות מד:)

Make green (as in to make the face turn green)

### חזרה Daf Yomi:

We just started the מסכת, and I am already writing about חזרה? Huh? Well for some this is not the first time going through the cycle, but even if it is, perhaps you should always be thinking about doing חזרה. Here is a question you can reference after finishing the מסכת to see if you learned גיטין well enough or if you need חזרה:

Who were the two Rabbi's in גיטין מסכת who had in their possession a קב of saffron?

The answer is later in this post.

### Right Left

English	Right	Left
Spanish	Derecho	Izquierda
French	Gauche	Droite

Here are some things that are פסול if performed with the left limb instead of the right one:

- Both שמואל and אלעזר ר' might agree that a חליצה done with the left foot is פסולה and is פוסלה מן האחין.

(גיטין כד:)

- אל תגרשה בימין וגרשה בשמאל (גיטין כט).

I think רב would also agree with שמואל in this one that the גט is פסול ופוסל.

- I'm not in the קדשים of סוגיא at the moment.

### חזרה Daf Yomi And:

Question: Who were the two Rabbi's in גיטין מסכת who had in their possession a קב of saffron?

Answer:

- ר"ש לקיש (גיטין מז).
- רב (גיטין יד).
